Ethos and our Philosophy

At St Joseph's Catholic School, we believe in participation and progress for all. We want all of our young people to participate in learning and we celebrate the achievements of all members of our community. We aim to create an inclusive culture in our school, and we are keen to enhance our responsive approach to the diversity of children's backgrounds, interests, experience, knowledge and skills.

1. Aims

Our Special Educational Needs and Disabilities (SEND) Policy and Information Report aims to:

- a. Set out how our School will support and make provision for pupils with SEND.
- b. Explain the roles and responsibilities of everyone involved in providing for pupils with SEND.

Vision Statement

At St Joseph's Catholic School, we are proud to provide a safe, stimulating and inclusive learning environment where every member of our community is valued and respected. Our broad, balanced, creative curriculum and enrichment activities provide opportunities for everyone to achieve and succeed.

We celebrate our achievements, gifts and diversity, irrespective of individual differences within the protected categories of the Equality Act of 2010.

Together we take pride in making a positive contribution to our School and the wider community.

Aims and Objectives

Aims

We aim to provide every child with access to a broad and balanced education in line with the *Special Educational Needs Code of Practice 2014*.

Objectives

- **Staff members seek to identify the needs of pupils with SEND as early as possible.** This is most effectively done by gathering information from parents, primary settings and Education, Health and Care services prior to the child's entry into the School.
- **Monitor the progress of all pupils** in order to aid the identification of pupils with SEND. Continuous monitoring of those pupils with SEND by their teachers and, when deemed necessary, specialist teachers, will help to ensure that they are able to reach their full potential.
- **Make appropriate provisions to overcome all barriers to learning and ensure pupils with SEND have full access to the curriculum.** This will be coordinated by the SENCO (Mrs Emma Maher), Assistant SENCO (Mrs Wendy Jones) and Headmaster (Mr Matthew Higgins) and will be carefully monitored and regularly reviewed to ensure that individual targets are being met and all pupils' needs are catered for.
- **Work with parents** to gain a better understanding of their child and involve them in all stages of their child's education. This includes supporting them in terms of understanding SEND procedures and practices and providing regular feedback on their child's progress.
- **Seeking the support of outside agencies** when the pupils' needs cannot be met by the school alone. Some of these services will include Speech and Language Therapy, Children, Adult Mental Health Service (CAMHS) and the Network of SENCOs operating in the local area.
- **Create a school environment where pupils can contribute to their own learning.** This means encouraging relationships with adults in school where pupils feel safe to voice their opinion of their own needs, and carefully monitoring the progress of all pupils at regular intervals. Pupil participation is encouraged through School by wider opportunities such as School council, residential visits, School plays, sports teams and through the Houses: Francis, Margaret, Teresa and Vincent.

2. Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

- [Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEN and disabilities
- [The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEND coordinators (SENCOs) and the SEND information report
- [Definitions of special educational needs and Disabilities \(SEND\) taken from section 20 of the Children and Families Act 2014](#)

A child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for them. A child of compulsory school age or a young person has a learning difficulty or disability if they:

- a. have a significantly greater difficulty in learning than the majority of others of the same age; or
- b. have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions.

Children must not be regarded as having a learning difficulty solely because the language or form of language of their home is different from the language in which they will be taught.

3. Definitions

Education, Health and Care Plan (EHC plan). An EHC plan details the education, health and social care support that is to be provided to a child or young person who has SEN or a disability. It is drawn up by local authority after an EHC needs assessment of a child or young person has determined that an EHC plan (EHCP) is necessary, and after consultation with relevant partner agencies. The EHCP is reviewed annually in conjunction with parents, the local authority and school.

Medical Condition. There is no statutory definition of 'Medical Conditions' but the implication of the legislation is that pupils must not be disadvantaged in the provision of education if they require support or special procedures due to a medical problem which may be long term, short term or include a disability (if the last, the Equality Act 2010 also applies). The requirement not to be disadvantaged does not apply if there is an infectious disease that could be dangerous to any pupil or staff member. A pupil with a medical condition may have an Individual Healthcare Plan.

My Support Plan (MSP). A My Support Plan is a way of supporting young people who do not meet the criteria for an EHCP. At this level, a lead worker will not be involved, but a My Support Plan can be completed by an educational setting or another professional working with a young person and used to plan and co-ordinate their support.

Parent(s). Refers to birth parent(s), guardians(s) or any person who has parental responsibility for the pupil or who has care of him/her.

Specialist SEN Service (SSENS). SSENS is a team of Specialist Advisory Teachers, supporting children and young people as part of Wiltshire Council's 0-25 SEND Service. They specialise in practical and realistic teaching and learning strategies which are underpinned by current educational research. The service helps schools and settings understand and meet the needs of children and young people with identified or suspected special educational needs and/or disabilities.

Special Educational Needs & Disabilities (SEND). Pupils have Special Educational Needs if they have a learning difficulty or disability which calls for special educational provision to be made for them. Pupils have a learning difficulty if they:

- (a) have a significantly greater difficulty in learning than the majority of others of same age
- (b) have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in school.

Special Educational Provision. Special Educational Provision is support which is additional to or different from the support generally available to pupils of the same age. (Other than special schools). The Provision is required to match the Pupil's SEND.

4. Roles and Responsibilities

4.1 The SENCO and Assistant SENCO

The SENCO is Mrs Emma Maher and the Assistant SENCO is Mrs Wendy Jones. Their contact details are: senco@sjcs.org.uk / 01722 335380.

- Provide professional guidance to colleagues and work with staff, parents, and other agencies to ensure that pupils with SEND receive appropriate support and high-quality teaching;
- Advise on the School's approach to providing SEND support;
- Be the point of contact for external agencies, especially the local authority and its support services;
- Liaise with potential next providers of education to ensure pupils and their parents are informed about options and a smooth transition is planned;

- Ensuring they follow this SEND Policy;
- Ensuring they access information on individual pupils' Special Educational Needs, including Pupil Passports, SSP, and EHC plans.
- Details of classroom strategies for SEND pupils are detailed on Class Charts and the Pupil Passports, SSP and EHC plans are all available on Class Charts. Here staff can access practical advice, teaching strategies, and information about special educational needs and disabilities.

In this way, every staff member will have complete and up-to-date information about all pupils with special needs and their requirements which will enable them to provide for the individual needs of all pupils.

This policy is made accessible to all staff and parents to aid the effective co-ordination of the School's SEND provision.
