

Going Places Ltd.

JOB REFERENCE: 123-SJS1002
JOB TITLE: TRAINEE AERONAUTICAL ENGINEER
EMPLOYER: GOING PLACES LTD
LOCATION: SALISBURY
SALARY: £23000 pro rata per annum
WORKING HOURS: 37 hrs – Monday- Friday

DESCRIPTION

Engineers, scientists and technicians work on a new aircraft during its design and development. Each engineer will be in a team involved with one section or system in the aircraft. Aircraft manufacturers also work in related areas, such as the design and manufacture of missiles, radar systems and space satellites.

Manufacturing firms are generally involved in military and civilian projects, often with other aerospace firms both in this country and abroad.

DUTIES TO INCLUDE

- Drafting, estimating, testing, trials and inspection
- Machining and assembling parts, sheet metal work
- Aircraft must be serviced and inspected on a regular basis; the aircraft maintenance engineers carrying out this work may specialise in either mechanics (engines and airframes) or avionics
- Candidates will be expected to attend the training school on a daily basis where assessments will be carried out using centre set exams. There will also be practical assessments and on-line examinations
- Practical competence will be assessed in the workplace

SKILLS REQUIRED

- Good organisational skills
- The ability to think analytically and creatively
- Work with due regard to Health & Safety
- Reliable and co-operative team member
- Ability to prioritise own workload and meet deadlines
- Knowledge of computer aided design (CAD)
- A flair for maths, science and IT
- Good problem-solving skills

PERSONAL QUALITIES

- A genuine interest and enthusiasm about developing a career in aviation
- Self-motivated with a willingness to learn
- Able to remain calm whilst working under pressure
- Able to demonstrate good attention to detail

QUALIFICATIONS REQUIRED

5 GCSEs Grade 9 – 4, including English and Maths, a science and preferably IT

Aptitude tests will be held for successful candidates.
