<b>JOB REFERENCE:</b>	<b>123-SJS1039</b>
<b>JOB TITLE:</b>	<b>CYBER SECURITY APPRENTICE</b>
<b>EMPLOYER:</b>	<b>GOING PLACES LTD</b>
<b>LOCATION:</b>	<b>SALISBURY</b>
<b>SALARY:</b>	<b>£25000 depending on experience</b>
<b>WORKING HOURS:</b>	<b>37hrs during an average week</b>

## DESCRIPTION

Protecting computer systems and the information they hold from threats is vitally important. Cyber and information security breaches are becoming more common, so security has become an increasingly urgent issue. You will be trained to analyse computer systems and identify evidence of cyber crime. You will collect and record evidence that may be used in court, in the event of a prosecution. This is a great opportunity to gain further qualifications to progress in this exciting career.

## DUTIES TO INCLUDE

The Cyber Security Apprentice will learn a broad knowledge of core IT disciplines including; Infrastructure (Networks and Wintel), Security, Application support and Service Management. This varied role will help support the IT department to protect its colleagues against the dangers of cyber risk.

## SKILLS REQUIRED

- a passion for cyber security and a keen interest in IT
- excellent IT skills, including knowledge of computer networks, operating systems, software, hardware and security
- an understanding of the cyber security risks associated with various technologies and ways to manage them
- a good working knowledge of various security technologies such as network and application firewalls, host intrusion prevention and anti-virus
- analytical and problem-solving skills to identify and assess risks, threats, patterns and trends

*Continued on next page...*

### **SKILLS REQUIRED (continued)**

- teamworking skills in order to collaborate with team members and clients
- verbal communication skills, including presentation skills, with an ability to communicate with a range of technical and non-technical team members and other relevant individuals
- written communication skills, for example to write technical reports
- time-management and organisational skills to manage a variety of tasks and meet deadlines
- the ability to multi-task and prioritise your workload
- excellent attention to detail
- an ability to work under pressure, particularly when dealing with threats and at times of high demand.

### **PERSONAL QUALITIES**

- Excellent presentation and communications skills to effectively communicate with management and customers.
- Ability to clearly articulate complex concepts (both written and verbally).
- Ability, understanding, and usage of active listening skills (especially with customers!).

### **QUALIFICATIONS REQUIRED**

Students need five GCSEs grades 9 - 4. GCSE grade subjects should include Maths and English Language. You will be expected to undertake an apprenticeship as a Cyber Security Technician and so a keen interest in studying further is a must for this position.
