<b>JOB REFERENCE:</b>	<b>123-SJS1006</b>
<b>JOB TITLE:</b>	<b>NURSE</b>
<b>EMPLOYER:</b>	<b>GOING PLACES LTD</b>
<b>LOCATION:</b>	<b>SALISBURY</b>
<b>SALARY:</b>	<b>£21000 pro rata per annum</b>
<b>WORKING HOURS:</b>	<b>40hrs during an average week</b>

## **DESCRIPTION**

Nursing is a challenging but rewarding career. Nurses work in many different roles and settings. As an adult nurse, the practical care you give could include: checking temperatures measuring blood pressure and respiration rates helping doctors with physical examinations giving drugs and injections cleaning and dressing wounds administering blood transfusions and drips using hi-tech medical equipment. You could specialise in an area such as accident and emergency, cardiac rehabilitation, outpatients, neonatal nursing, and operating theatre work. As well as hospitals, you could also work in the community, in 'walk-in' health centres, clinics or prisons.

## **DUTIES TO INCLUDE**

- Checking temperatures
- Measuring blood pressure and respiration rates
- Helping doctors with physical examinations
- Giving drugs and injections
- Cleaning and dressing wounds
- Administering blood transfusions and drips
- Using hi-tech medical equipment

## **SKILLS REQUIRED**

Nurses need professionalism and dedication. They should also have:

- Strong communication and listening skills
- Good observational skills
- The ability to work unsupervised using own initiative
- Good organisational and time management skills
- Able to perform practical tasks to a high standard
- Ability to analyse a situation and make decisions
- Skilled at being able to prioritise work
- Reliable and co-operative team member
- Good time keeping and attendance record

## **PERSONAL QUALITIES**

- Patience with the ability to remain calm at all times
- Be able to deal with more than one job at a time
- Appropriate level of maturity and personal confidence
- Self-motivated, reliable and well organised
- Work quickly and carefully
- Sensitive, understanding and caring nature
- Ability to think things through and solve problems
- The personality to remain calm and clear-headed when patients or their relatives may be anxious or distressed

## **QUALIFICATIONS REQUIRED**

Three A levels. A science in at least one A level (for example, biology, chemistry or psychology) may be required or preferred. Institutions that are more flexible in entry requirements at A level generally require specific subjects at GCSE. Alternative qualifications, such as a relevant BTEC Level 3 National or Advanced Diploma, may be acceptable
