Y11 Maths Revision Sessions and Online resources

Dear Parent/Guardian,

To support your child's learning in Maths we are putting on various sessions that would be beneficial to their revision schedule in this final year of GCSE. These are targeted for different levels of entry and your child will be able to discuss with their class teacher which would be the best for them.

These will take place on:

- Foundation Tier – Tuesday lunchtime Room 16 with Mr Caruso
- Borderline Foundation/Higher – Thursday Lunchtime Room 12 with Mrs Jackson
- Borderline Foundation/Higher – Wednesday after school Room 12 with Mrs Jackson
- Higher Tier – Wednesday after school Room 14 with Mrs Henry
- Further Maths drop in – Wednesday after school Room 26 with Miss Thorne
- Further Maths – Thursday after school Room 13 with Miss Thorne

In addition to the revision sessions, we would like to remind our students of the websites that they can use to help them make progress.

Mymaths

www.mymaths.co.uk

School general login is **sjcs** and **prism** for the password. Each student has their own individual portal login and password which has been given to them.

Mathswatch

<https://www.mathswatch.co.uk>

This website is excellent for supporting students with their learning and there are video clips on each topic. There are also 1-minute revision clips – a very useful way to revise.

Students have their own login which is their first initial for first name in upper case followed by first initial of surname uppercase with the rest of their surname in lowercase with @sjcs. For example – HPotter@sjcs
Their password is then either **Triangle** or **password** unless they have already changed it.

Yours sincerely,

M Henry
Head of Maths
