Dear Parents/Carers

As I am sure you are aware, the exam process over the last few years has been extremely disrupted by the COVID-19 pandemic and many changes have taken place. However, this year, the government endeavour to get students back to a version of normality that we were previously accustomed to. In doing this, there has to be a midway point to allow for the disruption that has taken place and the time missed from students' learning.

The government have produced a letter to students to explain the amendments that they will be taking this academic year. Please take the opportunity to read through this with your child to ensure that they are aware of what to expect.

Yours sincerely
