

# Bath Spa University Visit – Year 7

Monday 6<sup>th</sup> February 2023

Bath Spa University came into St Joseph's today to deliver a workshop to a targeted group of Year 7 pupils.

During the session they were able to take part in activities relating to Higher Education. Having put in order of importance, how they saw it, about why they should consider university, they then had a True or False quiz about all about university life – they were surprised at some of the answers!

They learnt about the different vocabulary within HE and learnt about the variety of courses available. They went away with a better awareness of university life.

Pupils were inspired by the visit and by the end of the session they realised that anything was possible, and that university was definitely an option available to them.

Bath Spa will be working with this group of pupils again in years 8 & 9 to develop their understanding of HE and inspire them to achieve their goals.
