Sarum Academy 6<sup>th</sup> form

Wiltshire College & University Centre

QinetiQ – Apprentice representative in  
Software Engineering

Salisbury FC Academy

NHS

Army

DSTL

Arts University Bournemouth

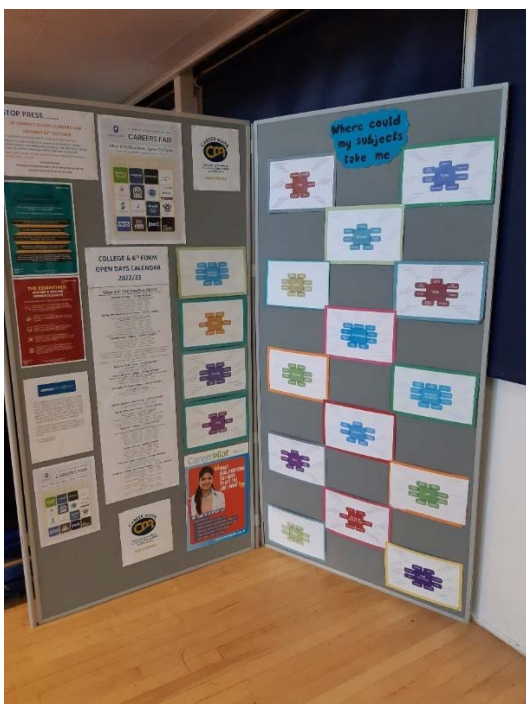

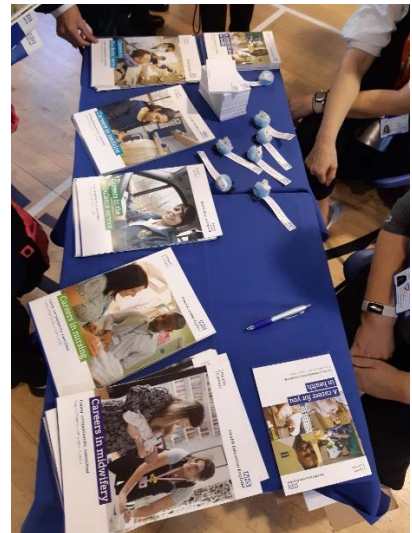

This event was targeted at pupils in Years 9, 10 & 11. Pupils were taken off timetable to attend the Careers fair during the afternoon and then parents/carers were invited into school at the end of the school day to chat to our guests about the range of options available for their son/daughter post-16.

Thank you for organising such a great event. Really enjoyed it and the students were great.

For those pupils in Year 9 it gave them an insight into what subject areas they might like to be thinking about to support their GCSE option choices, especially if they were looking at a specific career path. For Year 10 pupils, it gave them the chance to ask questions and look forward to their choices post-16. Year 11 pupils were also able to ask questions to support their post-16 choices as they start to apply to colleges/6<sup>th</sup> forms/apprenticeship providers.

By allowing pupils to access this event during the school day, we were able to support all pupils to make informed decisions, giving them the opportunity to ask lots of questions and gain information.

The afternoon was a great success and pupils were complimented on by our guests for being pro-active and asking lots of questions – particularly the Year 10 pupils!

I had a really good afternoon and spoke to around 60 students about creative pathways.
