

Visit to Bath Spa University - Year 9 Friday 24 March 2023

As a continuation of their engagement with Bath Spa University learning about post-18 options, a targeted group of Year 9 pupils were taken to Bath Spa University for the day to look around the campus and learn about what it was like to be a university student.

During the day pupils had a welcome talk and engaged in a number of activities which included a quiz, playing Studeopoly (a take on Monopoly) to see if they could budget on their journey through university and they took part in a Q&A with student panel. They were also given the challenge of designing and creating a logo to go on the side of a bag for advertising the diverse range of university courses available. There were some amazing ideas!

Pupils had the opportunity to have a guided tour of the campus by current students and were able to see where the students lived, ate and studied. Pupils asked lots of questions which was great. As a small university, pupils were able to look around almost all of the campus, which is set in the countryside on the outskirts of the City of Bath - a truly beautiful setting with its own lake.

We would like to say a big thank you to Bath Spa University for hosting our visit and for their fantastic engagement with our pupils over the years. We look forward to working with the university in the future.
