To describe mealtimes, illnesses and injuries, talking about foods and festivals; describing a special day, ordering at a restaurant and talking about a music festival. Grammatically, we cover the passive voice, reflexive verbs in the preterite tense, the absolute superlative and adding interest when narrating a story.

To talk about different jobs and how you earn money; talking about work experience, the importance of learning languages, applying for a summer job, discussing a gap year and plans for the future. Grammar wise, this module covers, using "soler" in the imperfect tense and the preterite together, other alternatives to the connector "and", using the present and present continuous tense, using "saber" and "conocer", writing a formal letter and using the subjunctive with "cuando".

To describe different types of houses, healthy eating, talking about the environments and discussing diet related problems; considering global issues and talking about local actions, healthy lifestyles. Additionally, talking about international sporting events and natural disasters. Grammatically, the module covers using the present subjunctive, presenting written arguments, giving extended reasons, using the pluperfect, explaining points of view, using the imperfect continuous and using grammar knowledge in translation.

To recap the 8 modules, prepare for the speaking assessment, exam practice with past papers and consolidate grammar.
