

Homework Timetable: Year 11

WEEK 1 & 2

Monday	English	Science	
Tuesday	Maths	Option A	Option D (Week 2)
Wednesday	Option C (Week 1)		
Thursday	RE	Option B (Week 1)	
Friday	Option B (Week 2)	Option C (Week 2)	Option D (Week 1)

*Homework is expected to take at **45 minutes** per subject as a general guide.
Coursework and exam practice may take longer.*

Should the HW not take the amount specified above, then pupils should use the remaining time to develop as independent learners by reviewing their notes, consolidating their learning and/or creating revision resources. The more pupils revisit work they have done, the more it will stick in their long-term memory.

Maths will be set once a week, but we recommend spreading this out so that Maths is practiced each evening.
