

Homework Timetable: Year 9

<u>WEEK 1 & 2</u>		
MONDAY	Maths	Art / Music / Food / Computer Science
TUESDAY	English	Geography
WEDNESDAY	Science	Drama
THURSDAY	History	French
FRIDAY	Spanish	RE

Please note that due to the timetabling of classes, some classes may receive Homework on a day they don't have that lesson but will always have the opportunity to discuss with their teachers.

*Homework is expected to take **30 minutes** per subject as a general guide.* Project work may take longer, and longer deadlines will be given for these types of homework.*

Should the HW not take the amount specified above, then pupils should use the remaining time to develop as independent learners by reviewing their notes, consolidating their learning and/or creating revision resources. The more pupils revisit work they have done, the more it will stick in their long-term memory.

** Creative Arts, Technology and Drama will set up to 1 hour of homework per week.*
